Dinner and a movie? How about a romantic new twist on your date night ... Learn how to discover each other without words in our Couples Massage Class. Deborah Adams, Wellness Spa founder, will be teaching couples basic massage techniques for the back, neck, arms, hands and face in this hands-on workshop. This has been a popular Valentine's class for over a decade but this year, we are offering it as a Sweetest Day celebration to take some time to relax together as the coziness of winter approaches. Wear comfortable clothing. All supplies provided plus your personal massage oil gift (\$20 value) to take home. This will be a date to remember!
