

Spring Break at the Spa

Need a break from the cold and ice? Can't get to a tropical island for a needed vacation? We might not have sand ... but we have Wisconsin's first indoor salt beach!

Bask in our beachy body treatments:

Bahamas Body Treatment

Relax with our dry brushing treatment to increase lymph circulation while making skin feel silky smooth. Includes our delectable coconut shea butter application. 20 minutes - \$45

Add-on to any of our massages for only \$25.

St. Maarten Mud Massage

Enjoy a full body relaxation massage with all the extras of an exotic trip to the islands! Includes our Seaweed and French clay warm mud masque applied to your back to renew and detoxify. While you're 'masking' we will warm you with a hot stone foot and lower leg massage and complete this regenerative treatment with a warm gemstone face massage. 75 minutes - \$120

Golden Goddess 24 Carat Facial

Gold not only gives us beautiful, glowing and youthful skin but it also slows down collagen depletion, increases skin's elasticity, lightens complexion, stimulates cells to firm skin, improves blood circulation and prevents premature aging and wrinkles. Now add all those benefits into our incredibly indulgent facial including gemstone face massage and shea butter hand and foot massage and you'll experience a facial that is... golden! 75 minutes - \$145

Puerto Rico Pedicure

Warm and revitalize winter feet with our bubbly foot soak, invigorating foot scrub and Hot Stone foot and lower leg massage and you'll feel like you've visited the ocean. Add in our professional nail care, warm eco-fin hydrating foot mask and hand mask, cozy eye pillow and quiet nap time and you might not want to return to reality! Includes OPI polish color of your choice. 60 minutes - \$75
