Introducing The Wellness Spa's Newest and Best Facial Yet - HYDRAFACIAL

HydraFacial is a non-invasive treatment for all skin types with no downtime. HydraFacial combines deep cleaning, chemical exfoliation, painless extractions, deep hydration and rejuvenation all in one session. The results are priceless. It is truly like 3+ treatments in one appointment.

Our Signature HydraFacial is just 3 simple steps in only 30 minutes, but is highly effective to give you the best skin of your life!

HydraFacial is a comprehensive treatment that incorporates cleansing the skin with both a physical and chemical peel. It offers pain-free extractions while it nourishes and detoxifies the skin – all with no downtime so you are 'red carpet' ready right afterwards.

Our skin is constantly changing and evolving with environmental exposure, lifestyle changes, hormonal fluctuation and more. HydraFacial treatments change with your skin, allowing personalization at every step for a customized approach to skin treatment and correction.

While the Signature treatment is amazing, if you want to take your facial treatment from preventative to corrective, our Deluxe and Platinum treatment options take your skin from treated to transformed.

There is no other treatment that will give you such a comprehensive result while enjoying a relaxing facial!
