

Summer Solstice Spa Specials

Solstice comes from the Latin word Sol, meaning Sun and Sistere, or to come to a stop or Stand Still. On the day of June Solstice, the Sun does not move north or south as during other days, but it stands still. It's associated with change, earth, Yin and new beginnings.

The Wellness Spa is celebrating solstice all summer long with treatments that let you take time to be still, rest, reconnect with our earth and regenerate from head to toe.
